FINISHING CAMP - NEW!!

Duration: 4 hours on one day; Cost: \$89

Doesn't do any good to get to the rim if you can't FINISH!! Our NEW Finishing Camp will be highlighting techniques and mechanics to finishing as well as decision-making against primary and secondary defenders. Various finishing situations will be covered from finishing from a perimeter drive to post-up opportunities via the dribble as well as a focus of finishing against length/size. Proper progressions will be taught "on air" to make sure we're executing finishes correctly all the way to finishing against live defenders and game-speed decisions.

ADVANCED FINISHING CAMP - NEW!!

Duration: 4 hours on one day; Cost: \$129

Offered for 7th-12th Graders and they take these focus points of the Finishing Camp to the next level. They are NOT coed and have a smaller number of participants to allow for more individualized focus.

ESSENTIAL GUARD SKILLS CAMP - NEW!!

Duration: 4 hours on one day; Cost: \$89

The Essential Guard Skills Camp is designed to identify and educate players on the parts of their offensive game that are likely overlooked but most important. Focus areas of this camp include topics such as: Passing the ball in the full and half court, handling the ball against a closely guarded defender, decision-making in common situations/scenarios, ball screen options, and more. Not only will we be spending time on the "what" to do, but also the "how", "why", "where", and "when" for our skills in game situations. This camp is designed to help you improve at the things you do THE MOST in a game...not the things that look cool on Instagram that you never actually use in a game!
